- Can we make the color match my logo or closer to it?
- Can we make the font sit like this?

Can the background color of the main page be a lighter blue/teal?

I like the bottom left two & 317 if you can find a shade that is similar to one of those shades I think that would look nice!

## ***ABOUT***

Update the Picture to this one please :)

## ***ADMIN SECTION***

- When I go to edit an event, I can't upload a picture. Can we add that to the edit?

Birthday Party

- Can we add birthday party/private event details to the admin site?

I am going to work on getting you info for an adult private event section & updating the childrens birthday party selection.
